

COST SHARE APPLICATION FOR SEALING WELLS

An application to seal wells must be filled out, signed, dated and returned to our office *before* sealing to receive the cost share funds. After well is sealed, bring copy of *Paid* bill to our office to receive cost-share payment.

The cost share to seal wells is 50% of the actual cost not to exceed \$300.00 (or total sealing cost of \$600.00). Prior approval by the Board of Supervisors of the Pipestone Soil and Water Conservation District is needed if 50% of the cost/share is more than \$300.00.

NOTE: All applications are subject to availability of funds. If funding is not available at the time of application and approval, the application will be placed on a pending list. When and if funds are made available, cost-share will be paid at that time provided that this time period is less than one year from the date of application.

COST SHARE APPLICATION FOR SEALING WELLS

Applicant/Well Owner: _____

Address: _____

Phone No.: _____

Well Location

Township Name: _____ Section No.: _____

Depth: _____ feet Casing Diameter: _____ inches

By signing this application, the applicant certifies that the above information is true and accurate to the best of their knowledge; will allow access to local officials and a licensed contractor for estimating cost; and if approved for cost-share will seal the well according to Minnesota Section 1031.331, and applicable statutes and rules.

Signature _____ Date _____

An application to seal wells must be filled out, signed, dated and returned to our office *before* sealing to receive the cost share funds. After well is sealed, bring copy of *Paid* bill to our office to receive cost-share payment.

The cost share to seal wells is 50% of the actual cost not to exceed \$300.00 (or total sealing cost of \$600.00). Prior approval by the Board of Supervisors of the Pipestone Soil and Water Conservation District is needed if 50% of the cost/share is more than \$300.00.

NOTE: All applications are subject to availability of funds. If funding is not available at the time of application and approval, the application will be placed on a pending list. When and if funds are made available, cost-share will be paid at that time provided that this time period is less than one year from the date of application. If more than one year from the date of application has passed, the application shall be voided.
